

Turning the Curve: Refugee Women Drive Driving Practice Volunteers

Be part of their journey.

**Support a refugee background woman to get
a driver licence.**

We're looking for some remarkable women willing to volunteer their time to take a refugee-background woman for driving practice. Each learner driver's had professional lessons, and now needs practice to get her licence. She will provide the car for practice. Training is provided for volunteers. Volunteers can choose to practise with a Porirua, Hutt or Wellington driver.
